

The image features a dark, monochromatic background with a complex, marbled texture. The pattern consists of irregular, vein-like shapes in various shades of dark grey and black, creating a rich, organic appearance. In the center-right portion of the image, the word "LUXCASA" is written in a bold, white, serif typeface. The letters are closely spaced and have a classic, elegant feel. The overall composition is minimalist and sophisticated, typical of a high-end brand's visual identity.

## Looks tiles

Gạch giả gỗ (Gạch vân gỗ) là gạch có hình dạng bề mặt trông giống gỗ. Được tái tạo dựa trên những loại gỗ tự nhiên, áp dụng những công nghệ sản xuất tiên tiến để mô phỏng toàn bộ những đường vân gỗ. Các khuyết điểm của gỗ sẽ được loại trừ hoàn toàn bởi đặc tính của gạch: độ chịu lực cao, chống cong vênh, mối mọt.
